

Do you know a child who ...

- is struggling with homework, reading, writing, spelling or math?
- is labeled a behavior problem, missing class or being sent to the office?
- is being bullied?
- has been expelled or suspended from school?
- has a medical condition that requires support at school?

Are you concerned about your child's education but not sure what to do?
Have you thought getting help for my child at school should not be this hard?
Would you like tools to help your child get the best education possible?

YOU'RE INVITED to learn how you can help your child succeed in school!
